

Dear Friends of the Baltic-American Freedom League,

This past year, the Baltic American Freedom League accomplished much to keep the Baltics free. In April, we welcomed the Baltic Musketeers to our Awards Banquet where Chairmen Mihkelson, Kohls, and Pavilionis bravely and honestly discussed the importance of a free and unified Ukraine and what Estonia, Latvia and Lithuania are doing to ensure their security and freedom. Our partnership has continued as we have coordinated an advanced many Congressional activities since April.

We launched a YouTube channel to provide educational media about Baltic issues such as security, Suwalki Gap and the 35th anniversary of the Baltic Way with special guests including Vytautas Landsbergis. We encourage you to subscribe as this will be an important BAFL media outlet with timely and significant streaming this year.

On May 3, 2025, we are planning an international conference on the Future of US-Baltic Security, Trade, and Technology. During this hybrid in-person and virtual event, we will also announce our National Grassroots Campaign coordinating our chapters around the United States to create a more local and impactful presence to advance our efforts.

We expect this year to be chaotic and fast-paced regarding Baltic and Ukrainian issues due to our new President and Congress, and Russia's continued attacks, interference and disinformation campaigns. This will require more timely education and focused advocacy to ensure our elected officials are well-informed on critical funding and issues benefiting Estonia, Latvia and Lithuania. **Your gift today of \$100, \$250, \$500, \$1000 or whatever amount is right for you will not only increase your voting power to elect our Board, it will also ensure a bright and free future for our Baltic sovereign nations.** Thank you for your brave actions and generosity. Every gift will make the Baltics and Ukraine safer.

Sincerely,

Conrad Mazeika
